- Memorandum in support of Complaint + P.
of Evidence.
- It has taken P 5 1/2 months, simply to prepare this Complaint.
 - P has never litigated a civil rights case.
 - P has never litigated any case in U.S. District Court and is not familiar with its Court Rules or Fed Rules.
 - P is not familiar with the vast body of civil rights law and the ~~multiple~~ multiple complex Constitutional law issues arising out of defendant's OUTRAGEOUS conduct.
 - Title II Del. C. §1304 "Hate Crimes" states in pertinent part:
"Any person who commits, or attempts to commit, any crime as defined by the laws of this state, and who intentionally (1) commits said crime for the purpose of interfering with the victim's free expression or enjoyment of any right, privilege or immunity protected by the First Amendment of the United States Constitution, or commits said crime because the victim has exercised or enjoyed said rights... if Hate Crime"
This applies to the Theft of P's writing instruments, Theft of P's envelopes, Theft of P's Complaint #07593, Theft of P's letter to David Ledford of the News Journal, P's False imprisonment as described hereinabove, Conspiracy to engage in all of the above acts and crimes, all of the Constitutional crimes mentioned herein, Theft of P's diary notes, Theft of P's pen when S took it from P's pocket and said "Off look! You tried to stab me with your pen!" - JACKASS bona fide, ipso facto perse res ipsa logitur JACKASS.
 - In the nearly 6 months it has taken to prepare this pleading, P has relied on references to (and one or two line quotes from) many cases. No time to read ^{all} the case as response from S/H Law

Library takes 4 to 30 days and P is allowed only 5 cases at a time,

- "We must accept as true the factual allegations in the Complaint and all reasonable inferences that can be drawn therefrom" Nam v. Farmer, 82 F^{2d} 63,65 (3^d Cir 1996), Alban v. Serverling, 229 F^{2d} 220 (3^d Cir. 2000). The Court is required to review the alleged facts "in the light most favorable" to the claimant and only dismiss the action if it appears incorrigible that the plaintiff could produce evidence justifying relief under any legal theory. Conley v. Gibson, 355 US 41, 78 S.Ct. 99 2 L Ed. 80 (1957). A pro se complaint can only be dismissed for failure to state a claim when "it appears beyond doubt that the plaintiff can prove no set of facts in support of his claim, and the complaint, however smartly pleaded must be held to less stringent standards than..."

drafted by lawyer. Erickson v. Pardus, 127 S.Ct. 2197 (2007). Smith v. Pensinger, 293 F^{3d} 64 (3^d Cir 2002)

- P's action clearly is not frivolous or malicious, states many claims on which relief may be granted, and does not seek damages from defendants who are immune from such relief because defendants acted with wanton or gross negligence and deliberate indifference (actually, without)

- P seeks damages award for the deprivation of the right (on each occurrence) and the consequential injury which resulted. Carey v. Appel, 435 US 247, 268 98 S.Ct. 102 (1978); Owen v. Cash, 682 F^{2d} 648, 657 (7^d Cir 1982); Herrera v. Valentine, 653 F^{2d} 720 (8^d Cir 1981),

- On 1/12/07 Band S acted with corrupt motive, in bad faith, maliciously (Do you think someone who refers to a Federal Judge as "little cocksucker in a robe" and "a powerless Fuckhead" might act maliciously??), sadistically, intentionally, willfully, wantonly, and with reckless disregard for known rights of P.

- Notes that the other two guards present during the events of 1/12/07 are also liable (see Smith v. Pensinger, 293 F^{3d} 64 (3^d Cir 2002) at ~~pass~~ paragraph 17)

Memoandum³

- The "We stick together" factor.
- It also contends, separate and apart from any legal theory he has encountered, that this institution's (C.O., W.P., and many) entrenched, pervasive, policy pattern and practice, widespread so as to occur in nearly every instance, of ignoring the truth, denying, in effect, grievances before they are submitted, ignoring grievances (See Complaint re statements "I gotta go by these write-ups", etc) constitutes a violation of the 1st and 8th Amendments - cruel and unusual punishment. The constant false accusations, the cumulative aggregate effect, with no impartial tribunal to consider recourse (and the manifest PRETEXT thereof), the continuous "rubber stamping", cover up of subordinates' decisions are calculated as punishment (prolonged further punishment - "how dare you complain" "how dare you accuse us of lying", etc calculated to harm, therefore unconstitutional).
- A System, a Management woefully devoid of ethics, integrity, impartiality, honesty. So EXTREME in its consistency as to rise to Constitutional dimensions. This practice, this policy surely contravenes "the evolving standards of decency that mark the progress of a maturing Society." Trop v. Dulles 356 US 886, 285 F.2d 590, 2 L Ed 2d 650 (1958)
- Although not the torture and other barbarous modes of physical punishment which perhaps gave rise to the 8th Amendment, it certainly violates "contemporary standards of decency" Hudson v. McMillian, 503 U.S. 112 S Ct 995, 1000 117 L Ed 2d 158 (1992)

See note bottom
of next page

Or am I arguing the "deliberate indifference" argument of Wilson v Sester, 501 US 294, 111 SCt 2321, 2323, 115 LEd 2d 221 (1991) Estate v Gamble, 429 US 97, 104-105, 97 SCt 285, 50 LEd 2d 251 (1976) and other cases. It is established that allegations of mental anxiety, "fear, mental anguish and misery" can cause sufficient pain to violate the 8th Amendment. Schenk v Engelke, 943 F 2d 921, 8th Circuit (1991), White v. Napoleon, 892 F 2d 103, 111 (3^d Cir 1990). Delany v Detella, 256 F 3d 79, (3^d Cir 2001). Is not some minimum modicum degree of impartial fairness secured by the 8th Amendment?? Here, the profound continuous denial of the truth, suppression of the truth, passes indifference in its intentional malice. Such is the deterioration of the operation of the prison.

- (A) - In any event, punishment in solitary for no offense or for exercise of protected constitutional rights (which P will prove!) would be (is), a fortiori, disproportionate and cruel and unusual. Morgan v Lavallee, 526 F 2d 221 (2^d Cir 1975), Johnson v Anderson, 370 F Supp 1373, 1388 n 3 (D Del. 1974), Davidson v Chester, 1998 WL 436527 (SDNY 1998) Lack of physical injury is not a bar to an 8th Amendment claim. - The absence of serious injury is therefore relevant to the Eighth Amendment injury but does not end it. Hudson v McDonald.

- Coming back to the liability of CP and WP P contends that the conduct (or lack thereof) of both is at least deliberate indifference, and that a Trier of Fact can conclude that they (and "Pacing officer" Savage) acted with gross or wanton negligence. "Since conscious indifference is almost never admitted, it can be proved only by the conduct and circumstances". Possert Keeton on Torts §34 (5th ed 1984).

- (B) No, there is a difference. I describe something more nefarious than any "indifference," there is a custom, a policy, embedded here which is more akin to "cover-up" than indifference.

Memorandum⁸⁵

- theft. P has alleged several instances of theft. P has done no legal research here - The meaning of "Theft" is so plain and clear; The wrongful taking the property of another without permission or consent. To dismiss these thefts as "frivolous" P respectfully suggests is to miss the point. The thefts mentioned were calculated to thwart, interfere with, P's exercise of Constitutional rights. When guards (B+S) knew P was engaged in a flurry of activity, writing to News Journal, Sen. Joe Biden, Rep. J. T. Castle, FBI, U.S. Dept. of Justice, (locally-Wilmington and, in D.C.), State Dept. of Justice, Col. Hackersh, Del. State Police, Dick Wier, Esq., Charlie Oberly, Esq., Gene Flair Esq., Joe Hurley, Esq., Son Tom Carpenter family members, Tom Neukircher, Esq., The ACLU, trying to get "the ear" of somebody to start an investigation which would lead to the arrest of guards Costello and Samp, and was suing them in Dist Court, they stole all writing instruments and envelopes, etc. They stole the only copy of Complaint 13-07393. They got away US Mail. These thefts are hardly frivolous; They are calculated, malicious Unconstitutional acts!! The thefts which P has not alleged (by B+S) are "frivolous." They stole Shampoo, deodorant, markers, gloves, hat - frivolous but out and out thefts nonetheless!, they have no concept that the law applies to them!!

P was harmed by the thefts alleged. Placed a copy of Complaint to respond to the surprise Order of 12/4/07 in

Case 07-593, ~~dismissing~~ most counts, P was in a state of great stress emerging from the hole with no pens, pencil or envelopes trying to respond to said order, trying to attract attention to defendants' OUTRAGEOUS conduct, trying to file a Rule 35 Mot. to ~~dismiss~~ in Del Superior Court prior to looming (due 4/12/07) deadline. The stress is difficult to describe, knowing these lying things get away with "breaking the law so brazenly. EVERY BODY knows [theft of C.S. Mail] is a crime!! Hardly frivolous. The Lefts complained of in the Complaint are violations of 18 and 14th Amendment. Deliberate, willful, malicious, calculated to stop and intimidate P. And the institution [see ~~complaint~~ paragraphs regarding "grievances"] [all ignored regarding the thefts]) condones all of this!! As the guards are fond of saying: "We stick together"!! The Lefts are torts and are unconstitutional civil rights violations.

Memorandum P.J.

The FALSE charges concocted by B+S on 4/12/07, putting P in SHU for two years, hole for 15 days, and removing P from "Green tree Program" are a violation of Due Process. The consequences rise to an "atypical and significant hardship in relation to the ordinary incidents of prison life." Smith v. Neusinger, 293 F.3d (2002), Giffin v. Vaughn, 112 F.3d 703 (3d Cir. 1997), Sandin v. Connor, 515 U.S. 472, 115 S.Ct. 2293, 132 L.Ed.2d 418 (1995). This is true due to facts stated above and the fact that defendants' actions triggered a 5 year sentence, as they knew and intended. Quoting ~~Smith~~ at Q21 "Prison disciplinary proceedings may constitute a denial of due process in the context of a civil rights action under § 1983 when they are instituted for the sole purpose of retaliating against an inmate for his/her exercise of a constitutional right." In Allan v. Seiverling, 289 F.3d 220 (3d Cir. 2002) we stated Sandin instructs that placement in administrative confinement will generally not create a liberty interest. Retaliation may be actionable, however, even when the retaliatory action does not involve a liberty interest. Government actions, which standing alone do not violate the Constitution, may nonetheless be unconstitutional if motivated in substantial part by a desire to punish an individual for exercise of a constitutional right." The conduct on 4/11/07 and the subsequent refusal to acknowledge the truth throughout

The "grievance" process, all were to punish P for filing Case 07-593, seeking to have those guards arrested,

and writing to the News Journal. See also Cale v. Johnson, 861 F^{2d} 943 (6th Cir 1988), Sprouse v. Babcock, 870 F^{2d} 450 (8th Cir 1989), Harbury v. Deitch, 233 F^{3d} 596 (D.C. Cir 2000). The cases of Wolff v. McDonnell, 418 U.S. 519, 94 S.Ct. 2963, 61 L.Ed.2^d (1974), Uteek v. Jones, 445 U.S. 480, 100 S.Ct. 1254, 63 L.Ed.2^d 532 (1980) and Headen v. Fano, 427 U.S. 2515, 96 S.Ct. 2532, 49 L.Ed.2^d 451 (1976) also support P's argument here on Due Process. Furthermore, Sandin, while stating that the Due Process Clause standing alone confers no liberty interest in freedom from state action taken "with the sentence imposed" clearly states that a violation exists or occurs where the state's actions "will inevitably affect the duration of the sentence." Sandin ¶ 9, p 2302. In P's case, The wrongful removal of P from 'Greentree Program'

Triggered, The 5 year sentence, meant to be suspended. This is (A) The more, in the phrase: "The filing of false disciplinary charges and related disciplinary sanctions without more do not violate his Constitutional rights under the Due Process Clause."

P's claim is further supported by Allahier v. Sterling, 229 F^{3d} 220 (3rd Cir 2000) where the Court states, quoting also Suppa v. Indiana, 203 F^{3d} 228 (3rd Cir 2000), "a fact finder could conclude that the alleged retaliatory conduct was sufficient to deter a person of ordinary firmness from exercising his First Amendment rights." Memorandum p.9

As also stated in Wilson v Seiter [see also Hope v Pelzer, 240 F.3d 975 (11th Cir 2001) Oxendine v Kaplan, 248 F.3d 1292 (10th Cir 2001) Johnson v Herman, 132 F.Supp.2d 1130 (ND Ind 2001)] § 1983
 officials know, or should know of deprivations of basic human needs in their institutions and have not remedied them, deliberate indifference is established. Thus, when officials proceed with obvious disregard of problems, accountability is established for those with responsibility for the institution. Here P will prove ample evidence of "CD" and "WP" proceeding with obvious disregard of many unlawful acts by various guards, so a jury certainly can conclude they should have known.

~~Conditions and duration of solitary confinement,~~
 even when not considered cruel and unusual. The abstract may become so if the punishment is disproportionate to the inmates' offense. Of course, this is the heart of the case here. P's only in fact, on Jan 11/02 was having some pills out of their go-tathers (which other guards had seen many times and said nothing - equitable estoppel?). No "prostectomy", No "lying foot off", no "attempt to stab it with pen" etc. P is in the Hole, in the SHU, for writing to the News Journal, suing guards, writing to others, trying properly to get these guards arrested! Adams v Carlson, 368 F.Supp.1052 (CD Ill 1973)

- P is seeking PUNITIVE damages "to punish the defendants for their outrageous conduct and to deter them and others like them from similar conduct in the future"
Smith v Wade, 461 U.S. 1035 (\$1,625, 75 L Ed 2d 632 1983), Stokes v. DeCombre, 710 F.2d 1120 (5th Cir 1983). The very reason these guards do what they do is that they have gotten

away with it for years. Nobody (where is the Federal
Attorney?!) does anything about it.
The Commissioner and Warden and the entire
pathetic "chain of command" tolerate, condone, or encourage it.
Law enforcement refuses to protect prisoners with legitimate
complaints. Surely the conduct P alleges, if proven (as it will
be), against R+S warrants a discussion of significant
punitive damages, Absolute necessary for their "gross reckless
(actually intentional) disregard for known rights of others!" Reser
v. Dist. of Columbia, 563 F^{2d} 462, 183 US App D.C. 375. "Conscious
indifference to consequences of conduct which defendant knew or
should have known (had reason to know) was about to inflict injury." King
v. Higgins, 702 F^{2d} 18 (1st Cir 1983), Black v Brown, 524 F^{2d} pp 858
(Cir D.J. 11/1981), Johnson v. Anderson, 420 F Supp 845 (D. Del 1976).
As stated, supervisory liability may attach (to "CD & WP") if the
defendant implemented different policies (here the ludicrously
biased ~~present~~ "predetermined outcome" "I gotta go by these write ups"
"grievance process" and the lawless atmosphere) and was
deliberately indifferent to the resulting risk. " Sample v. Dicks,
885 F^{2d} 1099, 117-18 (3d Cir 1989). City of Canton, Higgins v. Miller
- ~~Right to Counsel~~. P acknowledges there is no right
Request for ~~to~~counsel. The factors to be considered by
the court in assessing the request include: (1) P's ability to present case
(2) difficulty of the particular legal issues (3) Degree of need for factual
investigation + P's ability to investigate (4) P's ability to retain one
(5) role of credibility determinators (likely at trial), (6) whether expert is
needed.

Memorandum¹¹

taking these of (1) P has never tried a civil rights case. P is in the SHU where legal research is severely circumscribed as discussed herein above. P has no experience with or working knowledge of Federal Rules. P's request for same has been denied - P was given a "Table of contents" which is in itself unclear and confusing. P is unable to communicate with witnesses - other inmates, strictly forbidden by prison policy.

(2) Perhaps the most compelling reason P needs counsel, P has not practiced since 1983. The actions (and inactions) of the defendants give rise to so many complex Constitutional and other legal issues that P is truly bewildered. Having mentioned it, quoted references to it, read cases about it, & still have no understanding of what "liberty interest" means. We have torts, crimes, Constitutional violations, all needing to be explained carefully to the Court and argued persuasively to the Court. P cannot do this. Also, we all know there is an advantage to oral argument - actually appearing before the Court to make a point. Though many issues properly are determined without argument, those with counsel are far more able to physically appear when appropriate. Prisoners are practically never asked or permitted to appear. It's a significant difference.

(3) Investigation is necessary, primarily to interview and prepare for trial other inmates similarly punished for the lawful exercise of Constitutionally protected rights. This is a HUGE factor particularly as it relates to the liability of CD and WP (showing a practice, pattern,

policy, custom or indifference to the truth) to establish
clearly the requisite "deliberate indifference" to lawless
 acts by subordinates and as it relates to the need
 for punitive damages. P cannot communicate with inmates.
 Investigation is needed, there is long history of rampant false accusations.
 (4) P is indigent. Has asked several counsel for pro bono or
 contingency fee help, recognizing the necessity to do so. P has no recourse.

(5) It should be quite obvious from the circumstances alleged
 that "credibility" will determine this case. P must show
 that those CDTA defendants are lying! And up it.

(6) P requests an independent competent expert psychiatrist
 or psychologist to perform a thorough "mental health evaluation"
 of P, and to examine B+S. These guys clearly are disturbed
 "Bully mentality", anger issues, etc. Other than this P sees
 no need for experts. Controlling authorities include Tiboroz,

F^{3d} 492 (3d Cir 2002)

- P will present sufficient evidence for a jury to find
 "CD" and "WP" liable; and it is a jury, 12 ordinary
 people with common sense, who should make that determination.
 P suggests that this Court cannot conclude otherwise until the
evidence is in. Does it support the possibility of a jury
 finding CDTA liable in accordance with the Court's
 instructions (re. "deliberate indifference", etc.)? It will.
P and others will be testifying about unlawful DOC retaliation
 against those who seek simply to exercise their
Constitutional (not an alien set of principles drawn from a
 distant culture!) Rights!

- Furthermore, the discovery process should be allowed to proceed, to determine such things as; (1) how many times have B and S been sued for civil rights violations, eliciting some specifics - details of the allegations, the parties, etc. (2) How many times have CD + WP been sued for civil rights violations - get the pertinent information, (3) How many times have other DDC, DCC guards been sued for such violations - get the pertinent information.

Whatever the numbers may show, ONE case (the one) with the PUNITIVE damages called for will reduce the cause of such suits, the need for such cases, the workload of this Court.

- FALSE IMPRISONMENT

The criminal, wrongful, malicious, removal of P from the program triggered a 5 year sentence, constituting false imprisonment. P was prevented from completing the "program" in 12 months, which would have led to release or probation. B+S caused P's unlawful restraint without reason or justification. It is well established that law enforcement officers are liable for false imprisonment when they seize or arrest someone without probable cause. Ravley v. Kennedy, 349 F.3d 731 (CA 11 (2003)), P's situation is analogous. Also, one can be liable for false imprisonment by providing false information to account. Simmons v. US 711 F.2d 740 (5th Cir 1983). The conduct of B+S is precisely the same, making up an account of "assault on staff" in order to imprison P for 5 years.

- Unreasonable delay in releasing an inmate who has a right to be released constitutes false imprisonment. Wright v. Will, 66 Cal App 509,

Today 5/5/08, P is still awaiting 19 sections of
Surveillance requested on 4/10/08.

Here, P's right to be released (completing the "program") was maltuously prevented.

Elements of injury to the person imprisoned properly include physical suffering, mental suffering and humiliation, loss of earnings and injury to reputation and the deprivation of any right caused by the loss of liberty - Kermanu City of NY 374 F^{2d} 834 (2d Cir 2004), Phillips, Dist of Columbia, 458A^{2d} 722 (DC 1983) 147 Jur 2d \$142, 1E3, Humiliation and embarrassment are compensable, also fright and shame. Here, the accusations of "assault on staff," lying to officer, "The accusations of wild uncontrolled profanity all are particularly heinous. Evidence of malice will justify PUNITIVE damages. Tolson v. Dist of Columbia, 860A^{2d} 336 (DC 2004) and P will prove that the actions of B&S were malicious Retaliation for exercise of Constitutional rights. Even if a jury doesn't find intent (which it will) malice may be inferred from a finding that defendant's acted in reckless disregard of P's rights. Simmons v. An officer who transcends the limits of his authority is responsible for all of the consequences, including false imprisonment. Thomad v. Starmont, 189 Mich 188, 102 NW 662 (1905). Here, defendants acted maltuously, with corrupt motive, intentionally and in bad faith with the specific intent to incarcerate P for 5 years, as punishment for publishing to The New Journal, going other guards, trying to have those goods arrested by writing to state and Federal law enforcement officials. Defendants are part of an organized pack of lying thugs wearing law enforcement uniforms, as P will prove.

~~SECRET~~
- Memo in Support of Complaint
- Interference with contract
 - P's plea agreement was a contract.
 - R's sentencing was a contract.
 - On Sept 19/08, P agreed to plead guilty to one count of felony theft and the State agreed to drop two charges, with the agreement being that P agreed to complete GreenTree program and the balance of the sentence, therupon would be suspended. The plea was entered. P was sentenced that day, to 5 years / eve 5 suspended for "GreenTree" program. See P's status sheet, attached.
 - Most prisoners in GreenTree are court-ordered there with some portion of incarceration suspended upon completion, as all guards in VictorBlog are aware.
 - The contract was: P agreed to complete "GreenTree program," in exchange for which, the State agreed to suspend the bulk of the level 5 sentence. This was the consideration needed to create an express or implied contract.
 - P was intentionally and maliciously prevented from completing ~~the~~ the contract by the actions of B and S removing him from it (the "program")
 - B and S knew full well that a false charge of "assault on staff" would force P out of the program; put him in the SHU for at least 2 years (following 15 days in the hole), as this is prison procedure or P.O. "in effect." They also knew full well that their false (B&S)

charge would trigger P's 5 year sentence because:

- most enrolled in the "program" have sentences which are suspended for or upon "completion" and
- it is readily apparent in the prison computer system (ie in the office of Visitor building where Banks concocted their nefarious scheme) - at a glance - that P was sentenced to 5 years, suspended for "Gradtree". This appears on P's "status sheet".

- The usual duration of "Gradtree" is 6 to 18 months. It takes 18 months maximum to complete.

- P was "placed" by "Counselor" Thompson in the program for 18 mos, at the same time being told by said "Counselor" and by the inmate actually running the program (see P's action for Declaratory Judgment dated April 1, 2006) that P would be "graduated" within 12 months.

- P was doing fine in the program, attending more classes than required, and had been asked to teach one of the classes (although in the program only 45 weeks) by the inmate running it, when he was wrongfully removed from the program.

- The interference with contract was intentional. Brown v. Romero, 922 So.2d 742 (La. App. 3d Cir 2006). Said Sacted with the Spur for purpose of causing interference with a known contract. Lightning Lube Inc. v. Witz Corp, 48-30153 (3d Cir 1993). Indeed, said interference was the heart of their scheme - get this guy in the SHU, away from the law library, where he can do legal work and type his paperwork, shut him up, limit his contacts, commissary, ability to communicate, intimidate him, and trigger his 5 year sentence.

- When S took P's pen from P's pocket, while P was handcuffed behind his back, and said "Off Hook! You tried to stab me with your Pen!" S also mildly quipped "Off, Daddy won't be home for Christmas 'cause he got new charges."

B+S's conduct was intentional, but even if at issue of fact might conclude that they lacked intent to interfere with Contract, a finding of negligence might suffice to impose liability for tortious interference. AIT Jur 2d §11

B+S acted maliciously, intentionally without justification or excuse. Singer v. Beach Trading Co., Inc., 379 N.J. Super 63, 876 A.2d 885 (App. Div. 2005) Indeed, it was retaliation for P's suing guards, writing to The News Journal, and attempting to have guards arrested.

P was in fact damaged. See paragraphs 49, 53, 47, 48, 54 of P's Complaint. Systrendsv. Group, LLC, 206 WL 2925323 (Ala. 2006) AIT Jur 2d §14.

B and S were strangers, interlopers, meddlers to the Contract. AIT Jur 2d §26. B and S acted maliciously, intentionally, in bad faith and with corrupt motive.

P seeks positive damages for this claim of interference, as well as compensatory damages. The issue of Punitive damages is for the Trier of Facts. Rossi v. Turbogo Co., 232 AD 2d 266, 648 N.Y.S.2d 97 (1996). AIT Jur 2d §58, §62, Golden v. Golden, 382 F.3d 348 (3^d Cir 2004)

Memorandum P

- Libel - the SHV Law Library could find no law to the effect that a convicted felon, per se, cannot be libeled. See Exhibit T. Research clearly indicates libel is possible.
 - "Disciplinary Report" # 1035914 Exhibit I, contains 7 libelous statements, "Disciplinary Report" # 1035912 Exhibit J, contains 9 libelous statements.
 - Both reports are completely fabricated, alleging use of profanity, threats, and physical assault toward a law enforcement officer. These reports create a stigmatizing effect and label P as a violent troublemaker within the institution. They are entered into DOC computers system. The allegations (FALSE reports) are so wildly wrong in characterizing P and any possible behavior by P that they are libelous.
 - P stopped swearing when his son was born 14 years ago, unbeknownst to foul defendants, P would never (a) lie to or (b) assault a law enforcement officer, as character witnesses will attest. In fact, during the incident on 11/12 P did not "become disorderly" at all!! P did, calmly, forthrightly and honestly tell Bonds that they are a DISGRACE to law enforcement.
 - These fabricies are published to be seen by other guards, "counselors," other DOC personnel, and judges, grossly mis-leading all who read them. D.O.C. personnel rely on such false reports in making many decisions. See, for example Exhibit L, referring to P's "disciplinary history" (which was more false reports!!) and Exhibit M where P was denied opportunity to work and earn some money toward restitution due to "extensive write-up history" (More false reports).

P seeks PUNITIVE damages as well as compensatory for these libels,
perhaps the most OUTRAGEDOUS aspect is that lying by D.O.C. personnel is
Systemic, a carte blanche practice. Perhaps they are Trained To lie, i.e.,
— While P was in "The Hole" for 15 days "Assault on Staff" was written
in large letters on P's cell door, further disseminating FALSE accusations
made against P for exercising First Amendment rights.
— A charge of assault is libel per se. Weldy v. Predator Airlines, Inc.,

Memorandum p. 21

- The Libel extant in B and S's false reports is virtually every type of libel. Malice described, ^{AM Jur 2d} Libel and Slander § 5, with numerous supporting cases:
 - Malice, defined as ill will or an absence of good faith
 - actual malice, defined as traditional common-law malice as knowledge of its falsity, or reckless disregard of the truth, or as ill will, recklessness, wantonness, or conscious indifference to the plaintiff's rights,
 - common law malice, defined as actual ill will, or intent to causelessly and wantonly injure the plaintiff, or as hate, spite, or ill will toward the person about whom a statement has been published
 - express malice, defined as ill will or improper purpose, or with the primary motive of injuring the plaintiff
 - malice in fact, defined as a planned purpose and motivation to cause injury to the reputation of the plaintiff
- Has P been harmed? Read the complaint! With more yet to come from D.O.C. personnel who judge, "classify" P; any real judge who reads these ludicrous reports, etc.
- The libel is libel per se; words which impede the commission of a crime (a) assault or law enforcement officer and (b) lying to same, Republic Tobacco Co. v. North Atlantic Trading Co., Inc., 381 F^{3d} 717 (7th Cir 2004), Green v. Fritz, Ty, & Stark, University, 344 F^{3d} App 1079, 801 N.E.^{2d} 1208, 144 Fed Law Rep 473, (2^d Dist 2003), Phelan v. - If a statement is defamatory per se, a jury to reputation is presumed from the bare fact of the publication, and does not require any allegation of special damages or actual damages; malice will be presumed, and PUNITEK damages may be awarded. See § 362 of AM Jur 2^d Libel & Slander, § 139 and 138, and 100 and the scores of cases cited therin; In short on libel, get out one per person.
- Call, 29 someone a "tar"; even a single such charge, is actionable on its face. See AM Jur 2^d Libel and Slander, § 193 and cases cited therin.
- Whether P has been libeled is for the trier of fact, the jury.
- P has been visually libeled by B+S; wearing orange, being taken out, a public by DOC wearing orange 3 times so far. See AM Jur 2^d Libel and Slander.
- The fibel by B and S is qualitatively very different from the actual crimes which bring P to jail; using cocaine and stealing money to buy more, to which P admits. Even DOC's own ^{Confidential} policies acknowledge this, with the numerous punishments received (see paragraph 49 of complaint!) as a result of false statements made and published on 11/12/07!
- P is alleging 4 acts of libel, distinct and each one act libelable and compensable: (a) Spewing profanity
 (b) lying to staff
 (c) assault on staff
 (d) visual libel,

Memorandum ^{P-23}

— Back to the need for counsel, discussed on pages 10-13 of this memo — P is allowed only 5 cases at a time from SHU Law Library. It takes 3 or 4 days to over a month to get a response from L (usually 7-12 days) & has had to rely on secondary references to nearly all cases cited herein.

= P is ~~still~~ (today, 5/10/08 and 7th section of A) ~~Jur~~ (overadvice) requested on 4/19/08 which will lead to scores of cases.

Assuming that I can review and outline all 5 cases received — in one day, it would have been impossible to file this case within the Statute of Limitations had P read cases (- The proper necessary way to do legal research), and, indeed, it could take over seven years for P to review the cases cited or mentioned herein!!

Do I need to explain to a judge or law clerk that this is no way to prepare a case? One virtually cannot locate cases directly on point, pursue cross references, quote the precise holding of a case, quote the most persuasive and compelling language on the issue, etc. etc.

In addition to all the other reasons counsel is necessary, it should be manifestly apparent that proper research is one.

And this is just the complaint!! The State is sure to exploit this problem by filing motions and obj. to P, probably all dealing in areas unfamiliar to P, requiring responses which require much more research.

Inmate 173040 and Plaintiff in this case.

Dear Sir or Madam,

Why represent these criminals wearing D.O.C. uniforms? Do the D.O.C., the State, and the Courts a favor by doing the right thing!!

You have sworn to protect and defend the Constitution and the laws. You can do so by prosecuting the defendants. Your duty is not to these scoundrels, it is to do JUSTICE. Department of JUSTICE?

You could start by asking Bards to take a simple polygraph exam. Questions might include:

Did Mr Abraham curse and swear on 11/12/07?

Did " " attack Lt. Smith with a pen on 11/12/07?

Did " " state on 11/12 that he had bought pills from commissary?

Did " " attack or attempt to strike anyone with anything on 11/12/07?

Did anyone (Officer Hamm?) grab Mr. Abraham and "wrestle him to the ground?" on 11/12/07?

They will refuse the exam. If they answer yes to any of the above you will see their lies!!

You must know that a trial is designed to elicit the truth, and By God, it is just a matter of time before

I took that oath in '74, did I not?
I took that oath when you were hired, so
you when you were hired.

I make the truth known, if you do not seek it out
yourself. I will prove to you, and more importantly,
to the jury, that these guys are lying, and they
must take you, the court and the jury for fools!
I was in your shoes for 5 years, tried 300+ cases.

Interrogate the 4 named guards (Brian, Smith, Hannan,
Torrey) separately, or offer them a polygraph. NO WAY
They can pass!!

You're going to save yourself a lot of work
and considerable embarrassment, and more importantly,
do JUSTICE.

Perhaps you've been there 20 years
and you're the Department's BEST Integrator; you
cannot change the facts (or even ~~try~~!).

P.S. Little could these fools have known

That I stopped swearing when my son
was born!! Which I also will prove!

(I might have "slipped" 2 or 3 times in 18 years!)

Compare this TRUTH with their ridiculous fabricated "Disciplinary Reports".

Oh yeah, they look quite "official" as do the guards in their
uniforms!

Jurors are not stupid, and they will see

The TRUTH.

Having been blessed with a great practice for 10 years, it's just
hard to believe and sad to see that the system has deteriorated
to the point that you represent people like these?

Respectfully,

N. D. A.

- P knew this was going to be an uphill fight (getting something done about the wildly lawless, repetitive criminal conduct of guards and management from Danberg on down - complete acquiescence in it), but the degree (slope) of this mountain is ridiculous. This is true because Justice Brennan did not realize the depth of understatement in those words when he wrote:

"Prisoners are persons whom most of us would rather not think about. Banished from everyday sight, they exist in a shadow world, that only dimly enters our awareness... When prisoners emerge from the shadows to press a Constitutional claim, they invoke no alien set of principles drawn from a distant culture. Rather, they speak the language of the charter upon which all of us rely to hold official power accountable. They ask us to acknowledge that power exercised in the shadows (I add, against virtually helpless individuals) must be restrained at least as diligently as power that acts in the sunlight."

Indeed, the problem is no accountability. This Court is the only hope for Justice.

Re: Pressing charges to have two D. O.C. guards arrested, tried and convicted. Assault and battery, violation of constitutional rights, conspiracy. The problem is so entrenched, maybe even RICO. And, once an investigation begins, probably obstruction of justice. Yes, I'm serious!

Greetings. Inasmuch as I am an inmate, below are four people who know me at least well enough to vouch for my veracity. Moreover, I am more than willing to take a polygraph exam concerning anything I have to say. The four are:

Were it not for the EGREGIOUS, OUTRAGEOUS, pattern or practice of what I have seen and experienced; the systemic problem, I would not go through what I am about to go through. There are some very rotten apples in the barrel- a disgrace to law enforcement! The problem is serious and ongoing, no doubt because they have gotten away with it so many times. When the police prey upon the nearly helpless, who will bring them to justice? You can help do exactly that.

Having heard that guards at SVOP in Sussex County spray and beat inmates "for sport", I arranged to be sent to the "sanction pod" at SVOP in Georgetown. It worked; I was there from April 29 through May 14 of this year. I have kept detailed notes since my arrival in the institution on Jan 3, 07.

On May 9, I saw two guards approach an inmate from behind, as he was walking away from them, spray him with pepper spray, hit him, and slam him into the steel door. This attack was unprovoked and unjustified, and all too typical! The unusual thing about this incident is that the "mean spirited little men in a uniform" lost their cool before so many witnesses. About 20 others saw this and I can put you in touch with several. Such attacks usually are conducted out of sight of non DOC witnesses in a well orchestrated procedure.

On May 10, a Cpl. Mann and a Lt. Costello attacked me. With no (zero, zip, none, nada) justification or provocation. Indeed, my reaction to their verbal abuse (guards routinely call inmates "asshole" and "shithead" and try to provoke them) was so unusual that they were puzzled, called the Lieutenant, and then proceeded. While I was handcuffed, silent, and seated in a chair, they sprayed me with pepper spray, picked me up – snatched me out of the chair- threw me to the asphalt, kicked me in the head and deliberately injured my arm. After the attack, when I tried to wipe my eyes, Lt Costello shouted: "If you raise that arm again, I'll tear it off." To which I replied "nothing will surprise me." They then threatened to repeat this behavior every hour: they changed their minds when I let them know that I have ^{cross} examined thousands of lying witnesses and was looking forward to introduce them to a jury. Lt. Costello said: "you can't prove shit."

It is with great shame, remorse, and guilt that I tell you I am here for using cocaine and, worse, stealing money to get more poison. It is a powerfully pernicious poison. I shall answer candidly **any** questions.

This is the tip of a not melting iceberg. Please contact me to have these two arrested.

Please.

Most Sincerely,

Kenneth Abraham

 The FBI and more.

Dear Mr. Sandberg,

IT is more than a little disappointing to see law enforcement officers of my home state, your employees, acting like this. Quite an understatement. One of 2 things is going on: ① You are part of the problem, or ② You have lost control of your Department. Either way, it is a sorry, serious, mess. You used to be A.G. I knew three fine Attorneys General: Laird Stabler, Dick Wier, and Charley Oberly.

As you know despite your internal affairs "investigation," I was attacked by 2 of your guards in Georgetown on Day 10. IT is what they do: "spray" people for sport and beat them, as most people who work at SROT and all who have passed through it very well know.

Since Day, despite submitting 4 separate times the correctly completed form listing phonetics to be called using my "pin #," none has been returned to me "approved." So I have been able to make no phone calls since Day. will verify.

When I returned to my cell from the infirmary on 10/18, and my property taken by DOC guards in Victor Blg.) was returned about 10 days later, the only item missing from all my papers was my copy of the Complaint I have filed in U.S. District Court. My property obviously was searched meticulously and this item removed. I have not yet received my property (taken again on 11/12) and nothing will surprise me.

Perhaps I should have guessed the depth of the problem when I got my first "write-up" (hereinafter "wu") days after arrival. A FALSE report, and my complaints about the guard lying fell on completely deaf ears. "Grievance" and "appeal" ignored. More relatively little ones (compared to 11/12) ("wu") followed, followed by more "grievances" and "appeals," all ignored. So if you constantly get away with telling lies, why not tell a WHOPPER when you feel like it? (I'm going to show why not!) Over

~~for 9/10~~ Shortly before 11/12 a reliable inmate (care but extant) said to me, "I seen the COs fucking with your mail." On 11/10 I SAW in the CO's office of Victor Bldg an envelope I had mailed to David Ledford, Executive Editor of The New Journal-~~DT~~, was empty. It had contained copies of my 3 page typed efforts to the FBI and other correspondence (Not ~~available~~ to D.O.C.) relating observations of what I've seen, i.e.

CMS (N3) and the "Flattering treatment programs." I think they also intercepted and threw away a pleading I had mailed to US District Court that weekend and other mail. I know soot enough. Next, if I did not know all too well what is happening I might think I was caught in an episode of "The Twilight Zone" - we came to 11/12.

On 11/12 I encountered some guards (N5) — bright idea of a good way to respond to what they have seen, probably even in collaboration with their buddies in Georgetown, named in the letter to FBI: A 100% FEDERAL GOVERNMENT maliceous account of an "assault to staff," Give them a polygraph!! It began with "wut" # 10359⁰⁵, which I have never read or received. Replete with loaded with lies. May I please have a copy of wut# 10359⁰⁵? Thank you. Then we have two more wut# 1035912-Twelve Sentences with 22 LIES, and #1035914, Six Sentences with 11 LIES.

These guys must practice a lot to achieve such "jam packed with lies" results!! The 4th off is 12 the "statement", 1 full page, which I wrote in the hold about 45 minutes after the incident, Lt. Porter told me the next morning he had read my statement but "I gotta go on the write-up." It has "disappeared." Where is my statement? At the "hearing" yesterday Lt. Larry Savage had not read and did not have a copy of it, and did not know how I can get a copy. May I please have a copy of my statement? Thank you. All 11/12 wus are OUTRAGEOUS, CRIMINAL, MALICIOUS, FEDERAL FALSE "B.S."!! When Smith (S⁵) started reading it, full of lies and false accusations, I asked Bryan (B^a) a few questions ("what is this nonsense?") He said nothing, just kept the smirk on his face - that's when I knew - he had read my / after it. The FOIA and I did say, calmly and with no profanity to B^a: "You are quite a liar." And I did say to Bryan to S¹: "You guys are a DISGRACE to law enforcement." And both are both. And these lying things must take you, if (D) is not the case, for a FOOL to think they are going to get away with it! Next page

I enjoyed five years as Deputy Attorney General and five years in private practice. Over 300+ trials (of all sorts), cross-examined thousands of lying witnesses (mostly criminal-like these guards). They will NEVER get away with this. Never. Why don't you MAKE IT SIMPLE - give them a polygraph exam. They'll never pass a properly administered test (and they will never fool a jury - jurors aren't stupid) because they are lying!! I see, reading w/u #12, they have now involved an off. Harkman, who in fact said and did NOTHING during incident of 11/12! Just give him a lie detector on "wrestling me to the floor" and watch their entire story crumble; and start to see the truth and the nature of your problem. Mr. Danberg, you used to be A.G. for God's sake!! Get these lying thugs under control!!

DT is a sad day when Delaware law enforcement officers, your guards, refer to a Federal judge as "a powerless fuck head. That Fuck Head can't do shit," and "Ain't no little [c@k]sucker in a robe gonna tell us what to do. We do what we want in here". Indeed they do. And you have D's snafed memorable remark: "FAT, hub? You don't fuckin' like stick it together."

As a direct result of those arrogant, malicious, unlawful lies (all of which they knew would happen):

(1) I was wrongly removed from Greentree, triggering the 5 year (5 YEAR) sentence which had been suspended for completion of Greentree. Enrolled on 9/28, I was actively participating, attending more "classes" than required, and the "head facilitator" (w.s.) had given me the materials and asked me to teach a class commencing the following week! (frustration ventillation - angering)

(2) Thrown (literally) into the "hole" for 15 days - naked but underwear, socks and toilet paper only. In stilling "holding cell" in the SHU - near equivalent of "the hole." No TV, requests for forms ignored, communication severely restricted - as per intended.

(3) All these lies are posted as fact on the A.O.C. computer system, grossly

Here/They contained various abrogations
parallels their continued conduct.

~~per to
Barber~~

misleading everybody who reads them, including the sentencing judge or any judge who might modify a sentence.

(4) I am falsely portrayed as a "super Troubleshooter," classified as such, wearing orange.

(5) "Good Time" Taken away and 5 year sentence in the SHU imposed (I must be in the SHU protective custody, having been prosecutor 5 years)

(6) Cannot use law library, go to church, use library, find out from others what's really going on, communication extremely restricted.

The fact is that at all times, even when the situation (their conduct) was so OUTRAGEOUS that I did tell guards what they are - a liar-adversary - I did so with no profanity and never became "disruptive," yelled" etc. Give me a polygraph. I'm serving 5 years I'll pass, and my guard will fail.

I could tell when Lt. Foster spoke to me in "the hole" that he is beginning to get the picture. Here's the picture: The metaphorical poppycock is about to hit the fan" and splatter all over some DOC uniforms, as God Knows, it should. You should be the "spatterer" not the "splatteree."

Do the right thing, read my statement if you can find it. Closely examine B, S, and Hammur separately, give them a polygraph exam. If (B) is not the ^{ex} case, you're not part of the problem, you'll get quite an eye opener! ^{ex}
 Footnotes (N) I am mindful that I'm dealing with an institution which beat a person nearly to death and then said "He fell off his bunk when your own doctors said such injuries could not possibly be sustained in such a fall!"

(N2) All "wks" are at least liberally sprinkled with (at least in my case) FALSE adjectives like "hostile, rude, belligerent, aggressive, disruptive, etc!"
 Total BS, I just "tell it like it is" - and WTF!

(N3) Far too frequently, taking a serious medical problem to crisis treated with procrastination, prevarication, and perfectly preposterous poppycock! For example, Bill, a not atypical patient, he complained of a small tumor - acorn size & ignored for months, it grew... until... they cut off his leg! 10 days prior Bill told me CMS told him he'd be "getting a new knee." From new knee to no knee!

It seems that much of Delaware Officjaldom is content to keep pushing people through these (2 of which I've experienced) so-called "Treatment programs," blind to reality. Or masking reality with naked proclamations of "success." It is convenient for the system. Looks good (superficially). Sounds good. Accomplishes nothing. The reason that you need hundreds of new beds is these "programs" are a huge failure - no surprise to anyone who knows what goes on. What goes on? In Greentree for example, Inmates, with no qualifications or training (many with serious anti-social values, thinking and behaviors) control daily life on the floor. When we slept, when we could move, shower, etc. & toilet, personal, pure nonsense - imagine the result - you cannot. (b) Teach all classes, and (c) even - oh yes! - determine which other inmates "graduate" or complete the program! The "professionals" have abrogated all responsibilities. The "Counselors" are in the building maybe 3 hours per week, doing administrative paperwork, reclassifying people, moving them in and ~~out~~, there is no counseling going on. Can't prove this? Only with a few hundred witnesses who've passed through the "program" and a few honest DOC personnel.

Here's a copy of my letter to Judge Lang shortly after a "class" on 11/12
 "Your Honor,

Just a note to let you know my progress in Greentree. My last class began with the "facilitator" (Inmate Teacher) saying: "OK, this morning we just gonna kick it 'cause the cop got shot in Philly."

A lively discussion ensued, including the merits (desirability) of killing cops, when killing cops might be "necessary"; what ~~is~~ uses might be made of the weapons stolen from the dead officer, etc.

The class ended with the "facilitator" saying: "Fuck the cop, let's go eat!"
 Respectfully submitted

(N5) I find it hard to believe that they concocted this scheme on their own. You have more than a couple of rotten apples in the barrel. I'm not paranoid, but I wasn't born yesterday. In fact, please give me

a real, thorough psychiatric exam by a well known, independent "expert" any day. And a polygraph. I'm 60, "clean" (no cocaine use) for a year, and just the getting warmed up! Ask Hank Bridgely or Lyon if you should underestimate me or ignore and disregard what I'm telling you. Hank has known me well for over 30 years.

N3,N4,N5 etc.

First is some of what your guards read (and the FBI letter) and OH BOY, they did not like that! GOT TO SHUT THIS guy up, punish him (maybe 5 years w/lowlife down), discredit him, in front of him, cover our baddies wrongdoing!" Hence, the incident of 4/12/02.

Bless our little great state of Delaware, and get the muck out of the system!

Very Sincerely
Ken Krasner

Do the right thing instead of trying to keep someone wrongly imprisoned for five years!

Your guards say when they get angry it "Nobody cares. Nobody cares about you in here, nobody gives a shit about you." That's part of what they count on in their misdeeds.

I believe somebody will care about this

11/12/07 It is more than a little disappointing to see law enforcement officers of my home state acting this way. Quite an understatement.

I had 4 pills out on table to remember to take them, organized
and shake down. Bashed about pills and I told him 2 red were caroctrs and I had
3 more boxes in drawer from Doctor. 1st pill given by Nurse and I had not taken it
because pain comes & goes would take when pain occurs. I said nothing about allergy
or comassary. Roommates Blak & Ken said maybe work up because pills not in org.
contained - so that's what I expected will go to be. Note (several cos had seen
same pills (3,4) thus arrayed in previous and said nothing), called to office
7:30 & I start reading "by my disobeying order, etc, and I said "what's
this nonsense? No answer, I say "that's not right at all, what's this nonsense?"
Bryan comes in from doorway. "I say what's this? No ans, I say "are you sure
you're not in it taking our conversation for another one in there city?", Smith
says "Shut the fuck up and let me finish." Bryan only smirks - says nothing.
~~That's when I knew~~. He had seen my FBI letter copy and other stuff - cos
"programs" which I had sent to News Journal, I said to Bryan "you're quite
a prav "No profanity, yell, 29, disruptive" etc, He says nothing, then they
both exploded when I said "you'll never get away with this". Smith says don't
The fuck up. I said this is too funny. Both are a disgrace to law enforcement,
ment, Smith laughed. I say "you saw my letter to the FBI and you didn't like it"
Bryan smirks again. Smith "Shut the fuck up. go to your cell." I start to walk
saying I will introduce him to Fed C. They'll never get away with this, Smith
says hold it - takes my pen out of my pocket and says "c-off his" and
call Code Red, Bryan will cut me + Bryan calls Code Red, Victor Bldg.
Smith says you tried to stab me, " gesturing, & says what's this? This is outrageous
You must be nuts to think you'll get away with this. I Disgrace to law enforcement & to

"Letter
to Danberg"
of 11/28/07.

I am here for using cocaine, and, worse, stealing money to buy more. Been sentenced and being punished. No argument with that. However, due solely to malicious lies by D.O.C. guards I now face being incarcerated until 2012, instead of 2008. These lies are retaliation, for my efforts to contact the press and law enforcement authorities about criminal conduct of guards. OUTRAGEOUS, and compounded by the culture of cover-up. I will prove in any court of law, where the law and rules of evidence apply, everything I say, in a trial or hearing of 2 hours, the trier of facts will see the truth.

On 5/10/07 I was physically attacked by guards at S.V.O.P. in Georgetown without provocation or cause. It is what they do there. The brutality at S.V.O.P. is an open secret and I have many witnesses. It is widespread, systemic, inexcusable.

Guards here at D.C. in Smyrna saw that (1) I was suing those at S.V.O.P., and (2) I was attempting to reach federal and state authorities and the press regarding the situation and other problems here. They stole legal documents and outgoing mail.

On October 11/10/07 these guards in Victor building stole an outgoing piece of mail to The News Journal. This envelope contained a copy of my 11/2/07 letter to the FBI and correspondence describing other serious problems in this institution.

On 11/12/08 they retaliated. One glance at my "status sheet" in the DDC computer system tells the reader that I have a 5 year sentence, suspended for the completion of "Greentree program." I was in the program, doing better than fine (see Danberg letter), on track to be released in late '08.

But, on 11/12/08 guards Bryan and Smith, probably in collusion with their buddies in Georgetown, concocted three totally FALSE "write-ups" or "disciplinary reports".

Case 1:08-cv-00314-SLR Document 3-2 Filed 05/23/2008 Page 7 of 41
of "assault on staff." This, of course, removed me from the
freedom program, and triggered the balance of the 5 year
sentence!! IT also placed me here in SHU (solitary
confinement) with other sanctions. As it now stands, I am to
be here until the end of 2012!! (Court I do not get justice).

There is no recourse here - The "hearing officer" said that he was
not interested in the truth, and Commissioner Dauberg refuses to
investigate, acknowledge, or solve the problems. The institution will not admit its wrongs.

Again, I have kept detailed notes since my arrival here on
1/3/07, when I refused probation and asked for treatment. I can prove
what I am saying, including that guards here scorn the law, think
they can break the law with impunity, and lie like coozy to cover-up
wrongdoing. It is a "culture of cover-up" ingrained.

While the "letter to Dauberg" of 1/28/07 mentions many
problems here, it is the outrageous retaliation which I deem
most outrageous, and I am trying to get authorities to begin
an investigation which will lead to the fitting, arrest and
conviction of those involved.

Please, somebody charge me with a
crime for this "assault on staff"!! It would be the quickest way to a court room to
get justice!!

Re: Criminal conduct of law enforcement officials.

Dear Sir,

I contacted you as early as July, '07, and heard nothing.

I am writing to you again to ask to press charges to have some criminals arrested. They're among the worst kind of criminals; they wear law enforcement uniforms!

If you are the caliber of person and policeman of some Delaware State Troopers, I have had the privilege of working with in the past (John Bisbee, Bob Collison, Bruce Pearce, among others) you will do something.

Thank you for your attention to this matter.

Sincerely,

MARKETING/SALES Within two years of acquiring a dormant printing company I had hundreds of new local and national accounts including (nationally) Red Lobster, Burger King Corporation, Shoney's, Sea Escape, Atlanta Braves and other teams, Waste Management, National Plastics Council and more. By the end of the first year we had won the Business of the Year award from the Seminole County Chamber of Commerce. I created and marketed the "Recyclesourous" program, an award winning educational Funbook for children, which we produced for companies and communities nationwide.

During each of my four years as a business broker I was the firm's top producer, and I suggested and helped to create the Florida Better Business Brokers' Association.

In my law practice I pioneered (tasteless) legal advertising, and in timeshare sales I achieved a 12% closing ratio.

MANAGEMENT/LEGAL My printing and publishing company grew from two to 23 employees within two years. Quality improved immensely. We started two related print businesses and a nationwide catalog business. As an attorney I managed my law firm, emphasizing criminal, domestic, personal injury and business litigation. I won over 300 jury trials and handled thousands of cases in all courts. As Deputy Attorney General I established a police education program.

CIVIC/OTHER I have been active in United Way, Rotary International, Board of Realtors, Episcopal Church, Legal Aid, and the Delaware State Bar Association Ethics and Criminal Law committees. I enjoyed teaching business law and criminal law at local colleges. I won the American Jurisprudence Award for Excellence in Contract Law.

Re: Criminal Complaint

Dear Mr. Biden,

I know from experience the discomfort of having to investigate and prosecute fellow law enforcement officers. I also know the critical value and benefits of doing so when necessary.

The officers named are a DISGRACE to law enforcement and the people of Delaware, and all those officers who do their jobs properly are tainted by these few.

Some benefits, far more significant than redressing the personal wrongs done to me, include:

- (A) Sending the message which this institution sorely needs to receive: "The law applies inside these walls!"
- (B) Successful prosecution of the criminals wearing D.O.C. uniforms will no doubt deter others, hopefully put a dent in the "culture of cover up" and effect some change in the current D.O.C. attitude of absolutely no interest in the truth.
- (C) The U.S. District Court for the District of Delaware is besieged with burdensome complaints from inmates. Some no doubt are spurious; sadly for Delaware, too many have merit. Successful prosecution of matters addressed herein will reduce the necessity for such Federal actions.

(Over)

I am aware too of the "unpopularity" of "helping" inmates, Justice Brandeis eloquently described the plight of abused inmates by noting that prisoners "live in society's shadow" with most not wanting to "get involved."

It is because inmates are so relative helpless that you should administer justice. It is precisely because others with the power to intervene and ensure justice have turned their heads that the current problems persist.

With this letter, my Affidavit, and the other enclosures I implore you to begin a genuine investigation.

Thank you for your consideration.

Respectfully,

Re incident of 1/12/07.

DCC Warden's Office

Dear Sir,

I submitted, months ago 2 grievances and a note to you which have been completely ignored,
I write again. Please consider this an
Appeal or further grievance concerning the OUTRAGEOUS
conduct of your employees, Smith and Bryan.

Enclosed is my "Statement" of 1/12 and ② my
1/28/07 letter to Danberg (the 1st part!) They accurately
describe the situation. Also enclosed is "P&E letter of 1/1,"
as Danberg letter refers to it.

So, I ask you to review these (subvert your
lying employees to a polygraph exam!) and take
action appropriate to correct the injustice,
including firing these two guards.

Most Sincerely,

Kenneth Abacham

④ Note: ^(Exhibit O) The enclosed "Statement" of 11/12 is reconstructed immediately after I got out of "the hole," when I discovered I did not have a copy of the original. Lt. Porter read the original one.

If you have or can locate the original ^{"Statement"}, you will see it corresponds nearly verbatim to the one enclosed.

KRA

PS. I had the ^{privilege} ~~privilege~~ of working once with Ward & Reitman, who did the right thing in a sticky situation many years ago. If you're in touch, give him my regards! KRA

Or, perhaps you too are part of the problem. I recall Bryan's arrogant remark: "FBI Hh, you don't F**k with us. We stick together." They either ① know that you condone their conduct, or ② they ~~are~~ ^{are} tempted to add: This country ~~is~~ ^{will} most think you do too. Get what's coming to him! ~~You better run!~~
These guys, San Antonio, are a ABSOLUTE to law enforcement and to the hundreds of D.O.C. employees who come to work and simply do their jobs. When I filed a grievance asking for a copy of my statement of 11/12 I received a note back saying "Records indicate you received it on 11/19", Dave B.S. Records indicate plenty which is FALSE.

MEMORANDUM

TO: Abraham, Kenneth #173040 / SHU 19 BU 4

FROM: Capt. Michael J. McCreanor
Office of Warden Phelps

DATE: March 31, 2008

RE: Letter dated February 15, 2008

The matter you wrote about has been investigated. It is clear your letter was inspired by the disciplinary action you received from Sgt. Bryan and Lt. Smith on November 12, 2007. Medications dispensed by the nurse are to be immediately taken, not saved for a later time. Housing rules clearly state items purchased at the Commissary are to be kept in their original container. You admit in your letter that you knowingly violated this rule on more than one occasion. The other officers were remiss in their duties by not correcting your behavior.

Your complaint about the restricted movement and privileges in the SHU is without merit. SHU is Maximum Security. Movement is restricted and privileges diminished because of behavior. However, you still have access to the Library, Law Library, newspapers and phone calls, but not with the frequency as the inmates in medium and minimum security.

I can find no justification to grant your request for staff to be given a polygraph.

Mr. Kramer,

Despite several requests, including one previous to you, I have never received the details or been informed of the consequences (penalties) of the "write-ups" I received on 4/12/08. (which, by the way, are 100% FALSE!!)

I need to know, for the lawsuit I'll be filing in February, what are all of the sanctions, punishments, consequences, loss of privileges, etc, and for what length of time? All I know is I'm in isolation wearing orange.

If you do not have this information, where can I get it? I have written to counselor Aiello, you, Lt. Porter, & "classification", without response.

Thank you.

① File a civil rights complaint under 42 USC § 1983. Make sure you exhaust institutional remedies (grievance procedure). Stress in the complaint the "retaliation for exercising your constitutional rights." Specifically, your free speech rights to contact the media and your access to the courts right to file civil actions. The case law is mixed, but start your research with: Booth v. King, 346 F.Supp.2d 751 (E.D. La 2005); Johnson v. Litscher, 260 F.3d 826 (7th Cir. 2001); Misenar v. McKenna, 210 F.3d 390 (10th Cir 2000); 175 F.3d 378 (6th Cir. 1999); Frazier v. ② I was not able to find any case, statute or rule the states that one cannot libel or slander a convicted felon. See 10 Del. C. § 3919 for general defenses in civil libel actions. Also see 10 § 4001 — § 4005 for limitations on civil liability on state tort claims.
